

## Passport data

|  |   |
|--|---|
| Prime name                                 | AGIORGITIKO   |
| Color of berry skin                        | NOIR  |
| Variety number VIVC                        | 102   |
| Country or region of origin of the variety | GREECE  |
| Species                                    | VITIS VINIFERA LINNÉ SUBSP. SATIVA (DE CANDOLLE) HEGI |
| Pedigree as given by breeder/bibliography  |   |
| Pedigree confirmed by markers              |   |
| Full pedigree                              | NO  |
| Prime name of parent 1                     |   |
| Prime name of parent 2                     |   |
| Parent - offspring relationship            | YES   |
| Offspring                                  | YES   |
| Breeder                                    |   |
| Breeder institute code                     |   |
| Breeder contact address                    |   |
| Year of crossing                           |   |
| Year of selection                          |   |
| Year of protection                         |   |
| Formation of seeds                         | COMPLETE  |
| Sex of flowers                             | HERMAPHRODITE   |
| Taste                                      | NONE  |
| Chlorotype                                 | D   |
| Photos of the cultivar                     | 4   |
| SSR-marker data                            | YES   |
| Loci for resistance                        |   |
| Degree of resistance                       |   |
| Loci of traits                             |   |
| Table of accession names                   | YES   |
| Table of area                              | YES   |
| Registered in the European Catalogue       | YES   |
