

## Passport data

|  |           |
|--|-----------|
| Prime name                                 | ADAMOVICS |
| Color of berry skin                        |           |
| Variety number VIVC                        | 17760     |
| Country or region of origin of the variety |           |
| Species                                    |           |
| Pedigree as given by breeder/bibliography  |           |
| Pedigree confirmed by markers              |           |
| Full pedigree                              | NO        |
| Prime name of parent 1                     |           |
| Prime name of parent 2                     |           |
| Parent - offspring relationship            |           |
| Offspring                                  |           |
| Breeder                                    |           |
| Breeder institute code                     |           |
| Breeder contact address                    |           |
| Year of crossing                           |           |
| Year of selection                          |           |
| Year of protection                         |           |
| Formation of seeds                         |           |
| Sex of flowers                             |           |
| Taste                                      |           |
| Chlorotype                                 |           |
| Photos of the cultivar                     |           |
| SSR-marker data                            |           |
| Loci for resistance                        |           |
| Degree of resistance                       |           |
| Loci of traits                             |           |
| Table of accession names                   | YES       |
| Table of area                              |           |
| Registered in the European Catalogue       |           |
